Manual / Motorized Roller Blinds

Description:

Roller blinds, or roller shades as they are sometimes known, use a minimal amount of fabric; lay flat against the window and roll up to let a maximum amount of light into the room.

The unrivaled collection of stock patterns and design permit the Shades to be considered as an attractive decoration in its own right, to harmonize with the general decorative theme or to become a focal point.

The collection of original prints, plain and picture designs, with the available decorative trims and fringes produce pleasing combinations.

We Offer:

The roller blinds offered by us help you in meeting the modernistic needs of any office or home. These roller blinds have the following features.

- *Low maintenance*
- *Versatile*
- *Durable*
- *Available in different fabrics and material*
- *Available in different sizes and colors*

Motorized Skylight Blinds

Description:

Skylight Blinds are a beautiful feature to a home; with proper light they allow you to really see the architectural design of your home.

There are many different styles for Skylight Blinds that can benefit your very own need.

We Offer:

The Skylight Blinds offered by us help you in meeting the modernistic needs of any office or home. These skylight blinds have the following feature.

- *Low maintenance*
- *Versatile*
- *Durable*
- *Available in different fabrics and material*
- *Available in different sizes and colors*

Manual / Motorized Vertical Blinds

Description:

Vertical blinds have vertical slats or vanes. These slats lie next to each other as opposed to on top of each other, which is the norm in horizontal blinds.

Many different materials can be used to make such blinds, thus giving you wood vertical blinds, vinyl vertical blinds, and fabric vertical blinds.

Vertical blinds open from one side to the other and the vanes can also move individually.

We Offer:

The vertical blinds systems offered by us is mainly used in offices and homes. The vertical blinds offered by us have the following features.

- Low maintenance

We are specialized in all type of Bending Tracks.

These bending tracks have the following features:

- *Low maintenance*
- *Versatile*
- *Durable*
- *Available in different angles (as per custom requirement)*
- *Available in different sizes and colors*

Manual / Motorized Wooden Blinds

Description:

Blinds that have been made from real wood have the natural stains and patterns of the wood on them.

This adds a distinctive look to your wooden blinds which is quite extraordinary and unique.

Wooden venetian blinds will compliment and furnishing syle.

They will bring dash, privacy and light control to contemporary, classical and traditional settings and will blend harmoniously with other window treatments and furnishing.

Manual / Motorized Roman Blinds

Description:

Roman-blinds come in the following types so as to suit homes with differing requirements. **Fabric Roman blinds:** For those who want the look and benefits of curtains but without the added inconvenience, fabric roman blinds can do the job wonderfully. Such blinds, when pulled up, give a nice and rippling look to your windows. And when these are lowered, you get to enjoy the fantastic patterns and vibrant colors of the fabric that has been used in the fabric roman blinds. **Bamboo Roman blinds:** These blinds are made from natural wood fibers, bamboo reeds, and grass. The result is a soft woven fabric that folds beautifully and makes for excellent blinds that are a real treat for nature lovers.

We Offer:

The roman blinds offered by us help you in meeting the modernistic needs of any office or home. These roman blinds have the following features:

- Low maintenance
- Versatile
- Durable
- Available In different fabric and material
- Available in different sizes and colors

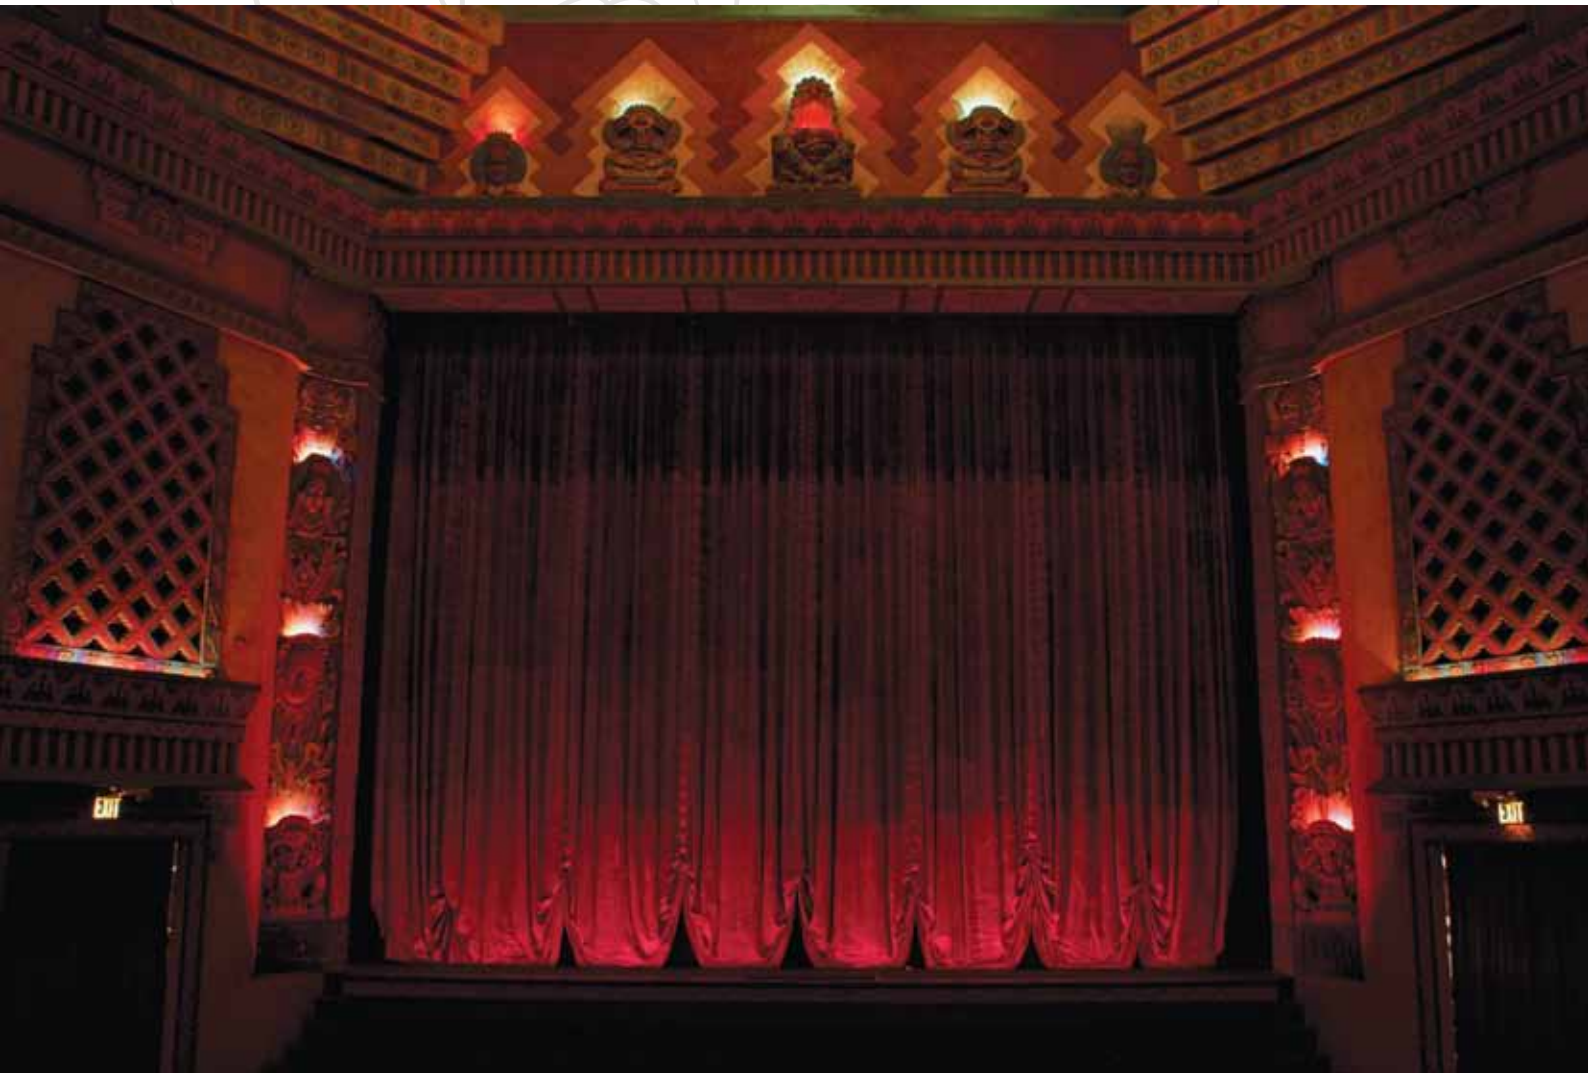

Description:

Austrian blinds have been designed for today's furnishing needs from the traditional style through to the minimalist look.

Austrian Blinds are generally made up in lightweight curtain fabrics; they will hang better and exclude more light if they are lined.

If they are hung outside the recess they can be frilled at the side and bottom edges.

However, if they are hung inside the recess, they look better if a frill is added to the bottom edge only.

We Offer:

The Austrian blinds offered by us are procured from the reliable manufactures. Following are the features of Austrian blinds offered by us are:

- *Low maintenance*
- *Versatile*
- *Durable*
- *Available in different fabrics and material*
- *Available in different sizes and colors*
